

**HEC MEETING AGENDA
3 April 2014
7:00 PM
Town Hall- Selectman's Room**

**Dick Desrosiers – Chairman
Tom Withka – Vice Chair
Phil Bean – Selectman's Rep
Irina Calante- Recorder
Sunny Kravitz
Brian Betts**

We will be starting starting a project to install renewable energy sources that can reduce our energy costs. My suggestions will be to install solar panels that will supplement/replace the use of natural gas to heat the WWT plant buildings. In addition, we will look at the use of a photo-voltaic system to supplement the electric source of energy for the WWT blowers.

Three potential contractors will visit the facility and prepare initial concept proposals which they will present to HEC at our meetings. Steve Condon will be the first presenter. TruLight Energy has walked the facility and will present on 1 May. I still need to schedule Clay Mitchell of Revolution when he returns.
